

November Newsletter

Hello to all the families of Countryside Child Care Center. As we start approaching the colder months please remember to dress your children for the weather as all class rooms do go outside daily. Also please remember to check your children's folders daily for projects and notes home.

*** Picture day is scheduled for Wednesday, November 2nd ***

TODDLER CLASS: On Wednesday, November 9th please have your child bring in a fruit or a vegetable to share with the class. To go along with fruit and veggie week we will be encouraging the children to try new foods. (Please no kiwi we have an allergy)

PRESCHOOL CLASS: On Friday, November 11th please have your child dress as what they would like to be when they grow up, as we continue to learn about the different jobs in our community. We have plenty of dress up items, so if you're stuck please let us know!

On Wednesday, November 16th we are asking all the preschool and toddler children to wear our color of the month- BROWN! Let your children help you pick out something brown for them to wear as we learn our color of the month.

Wednesday, November 23rd we will be having our annual Thanksgiving Day feast. A lunch of turkey, mashed potatoes, vegetables and rolls will be served in every classroom. No need to pack your child a lunch, just snacks if you wish.

We are closed Thursday, November 24th and Friday, November 25th

The infant room teachers are taking special care of all the babies while forming special bonds with each of them. The babies are enjoying all the love and attention from their teachers as they play with them on the rug, sing songs with them and give them lots of snuggles.

The toddler room has a lot of fun activities planned for this month. The themes are: fall animals, fruits and veggies, Thanksgiving and my body. The girls have some new fun songs for this month. Be listening out for your little ones singing some new tunes! The toddlers will also be learning the color brown, the shape of a circle, letters GHI and the nurse rhyme Row, row, row your boat.

The preschool teachers have been doing an amazing job planning lessons this month. The themes include: space, community helpers, Thanksgiving, turkeys and England. The portfolio work consists of: the letters GHI, the number 3, the color brown, the shape of a circle and the skill is opposites.

Please let us know if you have any questions or concerns.
Thanks, Bonnie and K-leigh
